The question is whether the United States should withdraw its forces from Vietnam or should it increase its efforts for victory?

Let's consider another question-- Just why are American troops fighting in Vietnam anyway?

Is it to protect the free world against communism? No, this cannot be the answer because if our government wanted to protect us from communism they would eject the communists from Cuba which would be comparatively easy instead of fighting in Vietnam 10,000 miles away.

Is it to defend the freedom and dignity of our fellow human beings? No, this cannot be the answer. The Hungarians freed themselves in 1956 and we could have most probably kept them free at little risk by simply giving them prompt diplomatic recognition. NDEXED and rushing in a token supply of weapons to show the sommutal see filed we meant business.

Is it because we want to live up to our international agreements? No, this cannot be the case because we have no agreement to be there. After the defeat of the French an interim trusteeship was agreed upon under the Geneva Treaty of 1954, whereby the French would preside in the South and the Viet Minh in the North until National elections would be held in 1956. The United States government never permitted these elections to be held. Instead, Premier Diem, who had not even lived in Viet Nam for the previous 17 years, was placed in power in July 1954 by the CIA.

Why is it then, that American servicemen have been sent half-way around the world to die for a piece of worthless real estate that has neither material or strategic value? If this question were not perplexing enough, let us ask another—Why are American troops forced to fight anywhere with obsolete weapons, with tennis shoes where combat boots are needed, with uniforms that are unbearably hot in a tropical climate and with ammunition rationed out to them only after the enemy begins shooting.

Is the real reason to distract the attention of the American public while a socialist dictatorship emerges in our own country? Is it one more excuse to tax the people into submission and destroy our free enterprise system?

Only Congress has the constitutional authority to commit this nation to an offensive military action. If we are to have war, then let the representatives of the people legally declare it as such and then give our troops the weapons they need to win it. If not, then let's get out of Viet Nam and stop killing our young men needlessly.

"Society is continually pushing in on the individual. He has only a few leas in which he can be him left, free from external restraint or observation."

U.S. Senator Edward V. Long of Missouri

### APRIL - 1966 - BULLETIN

MINUTEMEN – P.O. BOX 68, – NORBORNE, MISSOURI

### INDIVIDUALISM VS. COLLECTIVISM

In our organizational literature we have often stressed that the basic battle facing the world today is the war between individualism and collectivism. In its political form it appears as personal freedom versus the welfare state.

This war can be won only by personal initiative. the individualists must collectivise themselves in order to fight the collectivists effectively, then they will lose automatically.

The Minutemen must be an organization of cooperating individuals.

In times of emergency, our members are not going to be able to depend on National Headquarters for training material, bulletins and printed propaganda items. Local groups and often the lone individual will have to improvise all these things. Communications may be uncertain and the transmission of organizational directives may be slow.

We must have people who can think for themselves. Equally important, we must have people who can see what needs to be done and get at it without being told.

With so much work to do, its terrible to hear people say they want to help but don't know what to do. The Minutemen are a voluntary association -- we cannot order our members to do this or do that. At best, we can point out some of the things that need to be done. Fifty suggestions are listed below. Victory or defeat in the cause of liberty depends on you.

#### 50 WORK PROJECTS

- 1. Get literature of national and local "peace" groups and commie fronts.
- 2. Make cards for Central File.
- Make and keep cards on local liberals.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 08-25-2006 BY 60324 auc baw/cpb/amw

- 4. Search papers and magazines for intelligence information on systematic ba
- 5. Write up short articles, well documented with references on:
  - National Disarmament (a)
- Major legislation such as Civil Rights Bill, Test Ban Treaty, etc.
- (c) Truth about the United Nations and its various agencies.
  - (d) Communist infiltration into:
    - l. Labor
    - 2. Religion
    - 3. Education
    - 4. Entertainment
  - 5. Defense industry
    - 6. Tax free foundations
      - 7. Government
      - 8. Journalism
      - 9. Publishing industry
    - (e) Communist aggravation of racial violence
    - (f) Various specific communist fronts
  - (g) Anti-gun legislation
- 6. Hold regular meetings that combine both education and action. Team work is a motivation for attendance. Allot specific time to be spent on both phases of activity, for example:
  - a. Tape recording followed by poster campaign.
- b. Lecture followed by work on records or other group
- 7. Keep up continuous distribution of literature everywhere you go.
- 8. Always keep alert for new prospective recruits -- obtain name and all personal data.
- 9. Contact and check out new prospective members and recruit if desirable.
- 10. Hold local public meetings and rallies under "front" groups to distribute literature and gain recruits.
- 11. Take part in Psywar Projects against enemy agents or sympathizers.
- 12. Find suitable locations for rifle ranges and construct
- 13. Organize and conduct local training maneuvers.
- 14. Infiltrate local organizations such as gun clubs, civic clubs, etc. and gain voting control if possible.
- 15. Harass meetings of opposition.

- 16. Picket and give out literature in front of courches of
- 17. Obtain a telephone message machine and numbers— write up two minute messages— send copies to National Headquarters for referral to other cities— pass out literature asking others to dial that number. Either as MM or "front".
- 18. Take advantage of "local issues" for appropriate agitation as commies do. (a) Change to City Manager form of government. (b) Fluoridation. (c) Annexation of new areas. (d) Election, etc.
- 19. Attend PTA meetings and school board meetings. One observer can be followed by many for action. Demand review of textbooks and teaching curriculum. Work with National organization on textbook analysis. Check libraries for balance of patriotic as well as left-wing books and authors. Demand that libraries have certain books like "Brainwashing in the High Schools", "Behind the UN Front", etc. Picket and protest-get innocent bystanders to help-- make an "issue" of it.
- 20. Organize or become part of a combat team.
- 21. Obtain and care for your personal combat equipment.
- 22. Contribute regular dues toward:
  - A. Obtaining needed team equipment.
  - B. Conducting local underground projects.
  - C. Support of National Organization
- 23. Make special effort to recruit people suitable as espionage agents.
- 24. Send a sponsor student to National School on Intelligence and Espionage.
- 25. Find and contact outside contributors to help finance Minutemen.
- 26. Establish "front" business to buy explosives and other needed equipment: such as public shooting ranges— other business to act as cover for MM activities and as source of income.
- 27. Join and work within other patriotic organizations to get their support of MM projects.
- 28. Get On Target displayed and sold in Patriotic book stores along with other MM literature.
- 29. Encourage all members to take Training Programs either national or local.
- 30. Do research and development on new types of equipment, weapons, camouflage, silencers, booby traps and sabotage.
- 31. Prepare and stock both group and individual hideouts in advance of need.

- 32. Plan and correct camping trips to test edepment -- especially cold weather equipment.
- 33. Regional Coordinators can set up to copy and distribute training and meeting tapes.
- 34. Collect stationery from different hotels, motels and picture post cards from various cities— send to national headquarters for quick use in letting agents pretend to be in cities where they are not. Or to harass reds by making them think an agent is close to them.
- 35. Make special study of certain aspects of underground warfare and use material to write new chapters for handbook or make training tapes.
- 36. Develop and use new fund raising methods to help finance the organization. Ideas and suggestions alone are useless because we have not men, time or money to get them started. Example: Sporting goods, book store, etc.
- 37. Find "silent" drops, mail drops, alternate route of communications, emergency addresses etc. for future need.
- 38. Maintain surveillance on local party headquarters, offices of communist fronts and publications. Take down and check out license numbers and get photographs of those coming or going.
- 39. Take photographs of those persons who participate in communist led "peace marches", rallies, and racial demonstrations.
- 40. Search used book stores and old library records for past communist activities of persons who now keep such activity hidden.
- 41. Prepare carefully camouflaged hiding places where weapons may be stored to prevent seizure or where small groups of people may be hidden safely.
- 42. Prepare alternate locations to which printing presses, machine tools and similar equipment may be moved and hidden at short notice.
- 43. Stockpile such essential material as photographic film and chemicals, variety of paper stock for forging travel permits, food ration stamps, personal identification papers, etc.
- 44. Working with regional coordinator, set up two good tape recorders to reproduce meeting tapes and training tapes for bands in each region.
- 45. Circulate petitions for left-wing causes to obtain names of communists and fellow-travelers-- at left-wing meetings-- by newspaper ads.
- 46. Organize definite bands, teams and cells. Assign definite positions. Delegate responsibility and authority. Let every person have a definite position in the local organization. This will produce team spirit which is the basis of good attendance to meetings and an efficient continuity of activity.

- 47. Prepare codes for use on telephone and for written messages. Be sure each per who will use code understants it fully and keeps his copy in a safe place.
- 48. Prepare instruction booklets on useful avocations that would help our members such as hand loading, bullet casting, photofinishing, etc.
- 49. Conduct classes for other members on subjects you are personally qualified to teach.
- 50. Act as couriers in performance of regular job such as salesman, truck driver, etc.

This list does not nearly exhaust the possibilities. It is meant to show the wide range of activities possible for individual members or small groups.

Our members who are still working by themselves should look this list over, choose one or more projects that can be done by a single member, and start to work on them immediately. Team Captains or Band Leaders can use this list both for group projects and to assign useful projects to individual members.

The key to a successful resistance movement is for its members to fully realize how much a single person can accomplish with patience and courage. In many cases, it is best to work alone for security reasons. You have no one's mistakes to worry about but your own. Perhaps even more important your own mouth is the only one you have to worry about keeping shut.

#### THE NEED FOR POLITICAL EDUCATION

We are all aware of the importance which the communists place on political indoctrination. This was pointed out quite graphically during the French War in Indo-China.

At one time the insurgent forces had prematurely formed up into regular army units and were taking a bad beating from the French. An insurgent batallion was surrounded and on the verge of annihilation. They sent an urgent message to the communist high command asking for help. This reply came back: "Impossible to send reinforcements now. Available troops have not yet finished their political indoctrination."

Here was a case where relief troops were available, apparently fully equipped and with military training complete. Yet the communists considered political training so important that they refused to commit these troops to battle until their political training was also finished.

To fight such enemies effectively we must learn all we can from them.

If we are to have an organization capable of surviving an enemy occupation, then our members must have strong be-

liefs in the cause of liberty. They must have a real love for their native land, as culture and the heritage its people. They must believe in the Minutemen organization, have faith in their leaders, and genuine respect for their fellow members. They must be immune to the tricks of enemy propaganda and psychological warfare. These things come only from political education.

We know our members are most anxious for practical information and may become impatient at times at the "political" content of some bulletins. Just remember this— it does you no good to learn to fight if you don't know for sure what it is you're fighting for.

When a man's life is in danger he needs every source of courage he can find. There are only five. 1. A belief in his God. 2. Belief in his cause. 3. Belief in his organization. 4. Belief in his leaders, and 5. Belief in his own ability.

Without them -- you're as good as dead.

How many Minutemen can you find in the picture above? We hear the F.B.I. found eight, but of course they're professionals.

Dear Fellow Patriot:

How long have you been active in the fight against communism? Quite a few years, I'm sure.

During this time you have watched the communists grow steadily stronger. At the same time our own nation has been gradually disarmed, our government progressively infiltrated and our economy weakened. Worst of all, these things have happened in spite of the best efforts of patriotic Americans to prevent them.

Where do we go from here? How much time do we have before the socialist dictatorship takes complete control? If conservatives continue to work in the future as they have in the past, will we be able to save our Constitutional Republic in the time that is left to us? If not, then what other course is available?

During the past few months I've been taking a careful look at these questions and trying to find some realistic answers. In seeking these answers I've had the invaluable assistance of the extensive intelligence network which has been built by the Minutemen organization during the past six years.

Although others may disagree, the following are our predictions, based on the best information currently available:

The communist conquest of our nation will continue through internal subversion and gradual destruction of our economy. The Vietnam war will be continued for years as an excuse for higher taxes, deficit spending, extended bureaucratic control and the silencing of those critical of government policy.

The communists have no intention of a violent internal revolution. Race wars may be provoked at some future time in an attempt to lure armed civilians into the open and as

WE WILL NEVER SURRENDER

an excuse to declare martial law in certain areas.

Civilians will be gradually disarmed, not so much by confiscating guns they now possess as by drying up sources of ammunition— which is already being done. Later on, the private ownership of firearms will be discouraged by a yearly federal tax. Eventually a federal law similar to one now effective in Mexico will make it illegal— with possible death penalty— for any civilian to own a gun or ammunition of any standard military caliber.

Government economists are hoping to effect a plan within a very few years whereby there will be no further need for paper money. Each employee will be required to have a bank account that is affiliated with the Federal Reserve System. The company he works for will be required to deposit the employee's "pay check" directly to his account. Small business will be required to lease government approved "cash registers" that will actually be transistorized computers.

Major business dealings will be made by transfers of bank credits. All purchases except of the most trivial nature will be by government approved credit card. Individuals as well as business will have their taxes computed and automatically deducted from their accounts. Under these circumstances it will be very difficult to change jobs. A federal permit will be required to move from one state to another.

According to our best information, socialist control will be virtually complete by 1973 or 1974. Except for lower standards of living and rigid regimentation most people will not notice too much change. There will however, be one great difference—the time in which we might have saved our freedom will be gone.

Now putting wishful thinking aside, can any of us honestly say the conservative movement has a real chance of winning this fight by continuing for the next six years as we have for the past six? Isn't some new strategy badly needed?

I don't claim its the only plan that might be proposed, but I do have one plan that seems to have a realistic chance of actual success. I'd like you to examine these ideas and let me know what you think of them-- better still if you will take an active part in putting them into effect.

This proposed plan is presented in book form titled, "Blueprint for Victory" along with a month-by-month time table for first reversing the trend then ultimately saving our national and individual freedom.

I've had this book printed at my own expense and would like to send you free an autographed copy of the first

edition. In return I'll ask that you promise three things:

- (1) Read the book within 10 days of the time you receive it.
- (2) Send back to me the questionnaire which will accompany the book so we can have your opinions and suggestions and
- (3) that you will contribute one dollar toward putting this plan into immediate effect. This will be refunded if your questionnaire indicates that you think the plan is impractical.

If you agree that this Blueprint for Victory has merit then the thing most needed is your own efforts to make it a complete success.

July 4, 1966 is the first date on our time table. If you are to help personally in getting this program started then we must hear from you quickly. Please send one dollar with your name and address in the enclosed business reply envelope and I'll get your book on its way by return mail.

Sincerely yours,

Robert B. DePugh

# PSYCHOLOGICAL WARFARE AGAINST THE MINUTEMEN

Patriotic resistance movements are always vulnerable to propaganda. One thing that our enemies will certainly do is to try to cause friction and hard feelings between different patriotic organizations. We must not fall victim to this trap.

Even though the leaders of other conservative organizations may be tricked into making statements against the Minutemen we must resist the temptation of striking back. So long as we are all fighting the same enemy, we must avoid fighting with each other at all costs.

Another trick that the communists will certainly use is to discredit the leadership of all patriotic movements. They will attempt in every way possible to convince our members that they can fight as effectively by themselves as they can as part of the Minutemen organization.

As anti-patriotic influences grow in our own government we must assume that stronger measures of psychological warfare may be used against individual members.

Although it may be assumed that their tactics will vary to fit the situation, the following case might be typical:

One of our members (the victim) would be picked up unexpectedly by government agents. He would be told that he was not being arrested but only "protected". While riding in the car he would be softened up with stories of how much profit the organizational leaders were making and that "Bob DePugh is only in this for the money". Mysterious remarks would also be passed back and forth between the agents as to how the victim seemed like a good person and how "they got him out just in time".

After considerably more build up, the victim would be brought into contact with another member that he new. This other member (an enemy spy) would then tell a contincing story as to how he had been paid to kill the victim "on orders of Bob DePugh". The supposed reason might be that "the victim" had outlived his usefulness to the organization and was to be killed "because he knew too much". The enemy spy would also hint that he had been forced to get rid of other members to prevent the organization's terror squad from strangling his mother with a piano wire if he refused to carry out the assassination orders. The government agents would then assure the victim that by getting out of the organization quickly they could save themselves from arrest "because they were just about ready to close in".

Although this seems ridiculous when put on paper the scheme could be quite impressive when played out for the victims benefit in a realistic manner. Counterfeit tape recordings, doctored photographs, etc. might also be used to make the story even more convincing.

Although this seems fantastic, we should not think it is impossible -- even now.

Every member should consider this possibility in advance. Think over every trick that could be used against you; lies, bribery, threats, brainwashing, etc.

Team captains should discuss all these possibilities with their members and decide on the best strategy to defeat any psy-war trick that might be played on them.

The best defense against psychological warfare is to understand how it works in advance so you won't be taken by surprise if its ever used on you.

#### STRATEGY OF GUERRILLA WARFARE

In its strategy, technique and operation, guerrilla warfare is almost the exact opposite of conventional warfare.

Conventional warfare is designed to bring the greatest possible concentrations of power to focus at the proper time and place by which the enemy forces can be overwhelmed, defeated and captured. Guerrilla warfare must be conducted as to cause the greatest possible dispersion of guerrilla forces.

F.O. Miksche (Chief of Secret Service for General De-Gaulle's Free French Forces) has written as follows: "In normal war the objective is perfectly clear; the destruction of the enemy in battle. The battles of underground warfare, if they can be so-called have a totally different character. There is no battlefield in the proper sense of the word and not one large blow but a number of small ones are struck ceaselessly in all directions and at all times."

One might expect that guerrilla warfare would become less effective as the scientific and technical weapons of war become increasingly more powerful and more complicated. Exactly the

opposite is true. Modern armies, like modern governments have become so bureaucratic that their general commands are usually unable to make or ange plans quickly and decisively. Straight jacketed as they are by rigid discipline, junion officers, smaller units, and even the individual soldiers are almost incapable of effective independent action.

The guerrilla band, moving faster than the "reaction time" of conventional forces, may be compared to the small but agile matador that toys with an enraged bull. With every rush the bull receives another painful jab. Charging wildly here and there, the bull soon dissipates its strength and is at last exhausted and beaten-- just waiting for the "coup de grace".

Miksche continues: "... without underestimating in any way the importance of large-scale employment of modern weapons, man remains the being whose soul brings life to the machine. Thus, the individual combatant, completely disregarding all instinct of self-preservation, can easily succeed in destroying the most deadly and complicated engines of war. The history of the last conflict proves this clearly. Not only has guerrilla warfare survived into the era of aeroplanes, tanks, and massed armies, but in that era it has reached its highest development."

Guerrilla strategy strives to overcome material superiority, not by the employment of more perfect material or by greater numbers, but rather by the use of superior intelligence, greater mobility, and the ultimate degree of courage.

Whereas conventional forces try to maintain contact with the enemy, guerrilla forces strive to avoid contact. The essential strategy of guerrilla warfare is said to be the art of constantly escaping from the enemy.

Guerrilla bands never seek to hold or occupy territory, not even their own hide-out if it should be discovered. Their very existence, even without contact, causes the enemy to expend his energies to guard against them and thus constantly drains the enemy forces of their strength.

Instead of driving enemy columns away the guerrillas strive to constantly lure them farther and farther from their source of supply. Instead of cutting off the enemy outpost's supplies entirely, thus forcing them to retreat, the guerrillas allow short rations to reach such outposts so as to keep them there. The longer they stay the weaker and more depressed they become.

A regular soldier can occupy only the territory within range of his gun. Without a definite target he is helpless. Thus a cardinal part of guerrilla strategy is to deny the enemy definite targets.

This is not to imply that guerrilla warfare is easy. Just to the contrary, it requires an ultimate in skill, cunning and physical endurance. The matador need make only one mistake and he ends up on the bull's horns.

There are five conditions essential to successful guerrilla warfare:

1. The guarrillas must be intimately acquainted with

the area in which they are fighting.

- 2. They mus have plenty of space in which to maneuver.
- 3. The tenacity, patriotism, and courage of the people must be such as to enable them to fight this type of war.
- 4. The war must last long enough to allow the underground movement to develop.
- 5. The guerrilla forces must receive support from the regular army, from a foreign power or from a wide cross-section of the general population.

### -THE UNCOMMON -MAN

### by Herbert Hoover

Among the delusions offered us by fuzzy-minded people is that imaginary creature, the common man. It is dinned into us that this is the century of the common man. The whole idea is another cousin of the Soviet proletariat. The uncommon man is to be whittled down to size. It is the negation of individual dignity and a slogan of mediocrity and uniformity.

The common man dogma may be of use as a vote-getting apparatus. It supposedly proves the humility of demagogues.

The greatest strides of human progress have come from uncommon men and women. You have perhaps heard of George Washington, Abraham Lincoln, or Thomas Edison. They were humble in origin, but that was not their greatness.

The humor of it is that when we get sick, we want an uncommon doctor. When we go to war, we yearn for an uncommon general or admiral. When we choose the president of a university, we want an uncommon educator.

The imperative need of this nation at all times is the leadership of the uncommon men or women. We need men and women who cannot be intimidated, who are not concerned with applause meters, nor those who sell tomorrow for cheers today.

Such leaders are not to be made like queen bees. America recognizes no frozen social stratifications which prevent the free rise of every individual. They must rise by their own merits.

### "Minutemen"

On May 17, 1966, a confidential source, who has supplied reliable information in the past, advised that a member of the "Minutemen", and the National Renaissance Party (NRP) has been critical of the NRP for the non-militant attitude of the NRP. However, has never participated in any demonstrations or picketing conducted by the NRP, stating he is too busy with other things on his mind.
A characterization of the NRP is attached hereto.
Source advised that from the comments made by it appears he has a great deal of knowledge concerning firearms.
On various occasions at NRP meetings, has talked about artillery, bombs, guns, and killing people. He stated the "Minutemen" are able to obtain bazookas, have grenade launchers and members who are able to construct timing devices from afarm clocks. stated the peace movement groups on college campuses should be infiltrated and suggested that an individual after infiltrating a group could attend a meeting and leave a suitcase filled with explosives timed to go off after his departure. On one occasion, suggested putting cannons on the roof of the NRP Headquarters, 10 West 90th Street, New York, New York.

The source stated that none of the  $\ensuremath{\mathtt{NRP}}$  members who have heard him make such statements take him seriously.

The source characterized as an
intelligent but unpredictable, immature, and irresponsible
individual who might perform an act of violence to prove
himself although the act would not be sanctioned by the
"Minutemen" is or   years old, but though
he has bragged about the extent of "Minutemen" activities
in the New York City area, he has always avoided disclosing
the location of meetings or other activities when anyone
has expressed an interest in the "Minutemen".
The source stated that at the MRP meeting
May 12. 1966, James Madole stated that as the result of
statements criticizing the NRP for its non-
militant attitude, and the fact that he is only
vears old and too irresponsible, Madole does not want
in the NRP.

James H. Madole is characterized in the characterization of the NRP which is attached hereto.

Sources mentioned in the NRP characterization have provided reliable information in the past.

### APPENDIX

1.

### NATIONAL RENAISSANCE PARTY

On May 19, 1965, a source stated that the National Renaissance Party (NRP) is an anti-Semitic, anti-Christian, anti-Negro, and neo-Fascist organization with activities generally confined to the New York City area. It was founded in 1949 by James H. Madole, who is in complete control of the Party. The Party's main function is distribution of the "National Renaissance Bulletin" on a bi-monthly basis and distribution of pro-Arab literature obtained from official Arab establishments in New York City.

The source further stated that the headquarters for the NRP is located in the residence of James H. Madole at 10 West 90th Street, New York City.

On March 4, 1965, Robert Joseph Burros, 215 First Street, Newburgh, New York, advised that he is the National Secretary of the NRP and as such is second in command to James H. Madole, National Director. Mr. Burros stated that the NRP is a fascist organization but that it operates openly. He stated that the NRP advocates the use of the ballot in order to win a national election and take over the government. If the NRP should gain power it would then proceed to change the constitution in a legal way in order to give it the right to use militant means in dealing with those who would seek to overthrow this democracy such as the Communist Party.

The Un-American Activities Committee of the United States House of Representatives in a Preliminary Report dated December 17, 1954, stated that NRP activity and propaganda are clearly subversive and un-American.

On September 29, 1964, a second source advised that on July 16, 1964, James H. Madole, National Director of the NRP, was sentenced to two years in jail following his conviction on a charge of riot.

### APPENDIX

2.

### NATIONAL RENAISSANCE PARTY

Subsequent to July 16, 1964, all activities of the NRP appeared to have been suspended. As of September 29, 1964, James H. Madole was free on bail pending an appeal on his conviction and sentencing on July 16, 1964. This source advised that the NRP would not be reactivated by Madole who feared that such reactivation might jeopardize his appeal.

On May 18, 1965, Detective Bureau of Special Services, New York City Police Department, advised that on May 15, 1965, he had been informed by James H. Madole that his appeal would be heard sometime in early September, 1965. Madole further stated future activities of the NRP would depend on the outcome of that appeal. Should he win his appeal, Madole stated there could be an expected increase in NRP activities. Should he lose, there will not be any activity since he will be sent to jail. Madole stated there will be no real NRP activity until the status of his appeal is determined in September, 1965.

Dear Fellow Patriot:

Pleace excuse this form latter. I would have preferred to write you personally but the heavy work load makes it impossible for me to do so at this time. I want to make certain, however, must you are aware of the important events now occurring that involve the Minutemen presuitation.

staff were arrested last year and mat we were subjected to a county Grand many investigation that lasted for months. Few people except those actually involved can imagine what this really meant. Day after day our best workers were required to report to the Grand Jury witness room at 9:00 A.M. They would sit there all day-a and the next.

We are now under investigation (harassment) by every government agency you can think of Last week all pork at my company was stopped cold for three days by a Food and Drug "inspection". This week it is the Internal Revenue Service.
Week before last it was the Alcohol and Tobacco tax agents. Before that it was the F.B.I.

Someone high in government is determined to keep us so continuously harassed that we can't find time to keep our organization going or to earn a living for our selves at our regular jobs. I have to complain about these things but I just want to be sure you understand how important it is for our members to do all ever can personally at the local level. Please be patient with us and continue to support the organization financially as such as you can.

The spite of our problems, morale is high among our workers here. We are working hard and getting/a lot done.

THE PATRIOTIC VARTY -- Cur organization is taking the lead in forcing a new political party and it is important that all our members know our purpose in doing so.

registance or underground organization, past and present. We've had the unique experience of trying to develop such an organization in peace-time America. From this we have gradually developed a concept of total resistance which we believe office, only realistic hope of defeating our enemies and preserving our freedom.

We have often said that America can no longer be saved by politics splined. We still believe this as much as ever but I should emphasize the word along. A possible solution seems to combine the tactics of politics with the strategy of resistance warfare.

and an underground warfare branch. Neither can succeed without the other. In fact, I'm convinced, that in the long pull, neither can survive without the other.

s the Minutemen, our greatest pro m has been security. With the government snoopers as active as they are now, to send and receive even one letter in secrecy is a problem. To send out and receive thousands of letters almonth with real security is impossible. Yet, we have nearly worked cornectives tg death trying to do so.

Film afraid we have everlogical our own teaching that "the firs principle of security is deception". It should prove easier to camouflage our own hard core members among the much greater number of "everage conservatives that can be organized into the Patriotic Party.

Another problem has been recruiting. The Fatriotic Party members will form a valuable receive of potential Minutenan. Our present mercurs who are working within the party can keep their eyes open for other people that seem to have the necessary qualifications to be invited into our own organization.

Our organization is gradually being divided into three parts. (1) Those who wish to work entirely in the political arm, (2) These who wish to work in the political and but also continue Minutemen training on the side and (3) Those who feel their security is complete enough to work entirely underground. It

It is VERY IMPORTANT that you let me know as soon as possible (cither directly or through your regular meil drop) as to which group you wish to work lin. Do this as soon as possible.

THE BOOK-- To help acquaint other Americans with the concept of a complete resistance movement, I've written a book titled, "Bluzorint \$ This book spells out the Minuteren philosophy and explains our future plans in far greater dottil than we have ever done before. Tvery member should obtain a edpy of this book and study it carefully.

For about three weeks we made this book available through book stores There' before offering it directly to our own members. This was done so our members rean now help promote the sale of this book without being identified as such.

The survival of our organization and success of all our plans may depend on how many of those books we can got into the hands of other conservatives during the next few weeks. I urge you to do all you can to promote the sale of this "Blueptint for Victory" to other patriots in your area. If there is a patrioric book store in your area, ask them to put it in stock. Buy as many copies, ha you can and either give them, or recell them to others. The price is one dollar 

Please write as soon as possible.

Sincerely yours

Bob DePugh

VITO GEORGE CIOFFERO, 70 East 91st Street, Basement Apartment, provided the following information:

CIOFFERO stated he received approximately four pieces of mail from the "Minutemen" during 1964-1965. During 1964, he received a "Minutemen" Membership Application which he denied submitting. He stated one piece of mail received was a personal note addressed to "Dear Fellow Patriot", and was signed with a code number. He could not recall the contents of the note or other material received but stated everything he received, including a letter addressed "For Secure Members Only", was postmarked from New York or New Jersey. He stated everything he received has been thrown away.

He denied ever corresponding with ROBERT DE PUGH or having received any mail from Missouri. He stated he has received several telephone calls from unidentified individuals, the last call being approximately three months ago. The caller asked CIOFFERO if he had changed his mind yet about joining. He stated he told the caller he is not interested in joining the "Minutemen".

CIOFFERO denied membership in, or knowing anyone who is a member of the "Minutemen". He stated he is not a member of the John Birch Society and has never heard of the New York Committee to Free Korean Prisoners.

CIOFFERO stated he knows many persons who belong to gun clubs as he has been interested in firearms every since his attendance at Saint John's College where he was a member of the rifle team. He stated he currently owns a .22 caliber rifle and a .30-06 Service Springfield with target sights and target stock. CIOFFERO stated he keeps these rifles for "Sunday pleasure". The last time he used the rifles was approximately two months ago at the Blue Trail Rifle Range, Wallingford, Connecticut. He is not a member of the National Rifle Association.

UNSUBS; BOMB EXPLOSION IN VEHICLE OF BERNARD LEON WINTER WHILE ATTENDING SANE-VIET NAM MEETING AT HUNTINGTON, NY, 3/15/66 BOMBING MATTER

ReNyairtels 3/22 and 3/17/66.

On 5/2/66, Huntington Station. Ny. was contacted by SA DANIEL F. O'CONNOR. He advised that he continues to do part-time work as at the Huntington Library. He related that there have been no more incidents at the Library since 3/15/66, though SANE have had some committee meetings there since the latter date. He recalled that at the March 15th meeting there were 16 or 17 young people in the heckling group and their ages ranged from about 17 years to 21 years. He said that he did not recognize any of the group and has not seen any of them since. He stated that the leader of the group was a young man between 20 and 25 years of age, white, 5'10" or 5'11", 190-195 lbs., blond crew cut, round face. His principal assistant in the heckling was a heavy set white woman in her late 30s or early 40s as to age, medium height, about 180 lbs.

He stated that the Minutemen stickers were placed on the walls of the building after the meeting broke up. He had not saved any of the stickers.

On 5/18/66, Detective Lieutenant Commanding Officer of the 2nd Detective Squad, Suffolk County Police Department, Huntington, NY, advised that no suspects have been developed in instant investigation and the matter is closed in his files. He furnished a Zerox copy of a letter addressed to the Editor, The Long Islander, 313 Main Street, Huntington, NY. This letter was postmarked

at Amityville, NY, on 3/21/66. The same Minutemen sticker that was pasted on the top center of the letter. The letter was signed "# 71513". This letter in brief denied that the bombing was the work of the Minutemen but was rather an attempt of a left wing group to discredit the Minutemen. A copy of this letter is attached. A similar copy will be retained in NY File 62-12699.

It is noted that BERNARD LEON WINTER is the subject of NY File 100-151464 entitled "Dr. BERNARD T. WINTER; IS-R."

The services of the FBI Laboratory and Identification Division as well as the offer to cover any out of state leads were again offered to Lieutenant He stated that he would call upon the Bureau in the event any suspect is developed in the future and if the investigation warrants the use of these services.

Mr. Joseph C. Jahn Brockdale Court Sayville, N.Y.

Dear Sir:

The implication in your article "Armed Hate Group" that the Minutemen are responsible for threatening phone calls and letters which you claim to have received, simply because you found a Minuteman sticker on the door of your office strikes me as being ludicrous,

First of all, if we were to write letters and make phone calls threatening everyone who takes stands on issues to which we are opposed, we would have time for nothing else. You flatter yourself if you believe we would single you out as a specific target.

Second of all, if we intended to take specific action against an individual (and I do not mean to imply that we have such intentions) we would not warn him about it beforehand.

Thirdly, we believe in action, not threats.

So you may rest peacefully, the Minutemen are not a fter you.

NY 62-12699 SPECIAL BULLETIN P.O. Box 68 Norborne, Mo. Dear Fellow Patriot: We have given up hopes of being able to print either a May issue of On Target or a May issue of the Minutemen News for our members. For the past month we have had little opportunity to do anything except defend ourselves from the legal attacks that are being made upon us. Several of our members have been called repeatedly as witnesses before a Federal Grand Jury in Kansas City. After being required to present themselves at 9:00 A.M. they have had to wait all day and even as late as 11:00 o'clock at night waiting to be called. Meantime, our individual workers have been harassed as usual by the F.B.I., Internal Revenue Department, and Treasury Agents. The obvious intent is to waste our time and money to such a degree that we are unable to earn a living for our families or continue our organizational activities. Occasionally someone "advises" me that we should not do anything illegal so as to avoid this persecution. I hope that most of our friends are not so naive as to think that outspoken patriots can avoid government harassment by simply staying within the law. Right now, the Minutemen are bearing the brunt of the legal attack against the conservative movement. It really hurts our feelings when people say, "The Minutemen are just sitting back waiting for the communists to take over so they can shoot it out". There is no other conservative organization today that is so completely in the front lines of this conflict as our own organization.

NY 62-12699 Throughout our past and present legal battles it would have been a great help if we had known what to expect. Our defense would have been stronger if we could have anticipated a few of the underhanded tricks that the government has resorted to in their efforts to destroy us. As soon as possible we intend to prepare a booklet which will set forth in detail the tactics of legal harassment that have been used against us as well as the citizens' rights under the law in these matters. It is certain that other conservatives will also be attacked by these same legal maneuvers as soon as they have finished with the Minutemen. We feel now that one of the things that we can best do to serve the conservative movement will be to put this information in print so that others will have in advance what we did not have and what we needed so much. Fortunately, the situation is not all bad. In spite of their best efforts the go vernment has not been able to obtain grand jury indictments, and it seems doubtful that they will. The sale of our book, Blueprint for Victory, has exceeded our expectations. We are sold out just now but will

The sale of our book, Blueprint for Victory, has exceeded our expectations. We are sold out just now but will have an additional supply very soon. We are receiving unexpected support in the formation of the Patriotic Party. Plans are progressing nicely for our National Convention which will begin at 1:00 P.M. Saturday, July 3rd and end at 12:00 P.M. July 4th. This will allow travel time so that most people will be able to attend without taking time off from their regular work.

Our concept of a complete resistance movement includes both a political arm and a militant underground arm. The underground must have the support of the people and this is best obtained through a political platform and political organization. At this late date in the communist takeover of our country no political effort has a chance of success unless their candidates can be protected from intimidation by an underground movement that can also guarantee an honest count of the ballots.

NY 62-12699 This concept of a complete resistance movement has been developed from an extensive six-year long study of past efforts by the people of other countries to protect themselves against socialist dictatorship. We are not sure that our nation can survive long enough for such a plan to bee effective. We are certain that if it is to be saved at all it must be by a complete resistance movement of the type we are trying to build. Our Minutemen organization visions itself as the underground arm of this movement. Since the Minutemen leaders have no political ambitions themselves, we feel that we can serve a purpose by encouraging other political movements to join forces under the completely new banner of the Patriotic Party. Now is the time for every conservative to face the The situation is too serious for various patriotic groups to continue fighting and bickering among themselves. I urge each of you to dedicate yourself to this allout effort. Use your influence with other conservatives and other organizations to help build the Patriotic Party. Volunteer your own services as a State or County Chairman, Secretary or Precinct worker. One of our earliest needs is for a transportation director in each state who will arrange car pools for people wishing to attend the July 4th Convention. Meanwhile every citizen should give serious thought

to the means by which he can protect himself and his family from the violence which will surely come if we fail to win by non-violent means.

Those of you who have not yet obtained a copy of the book, Blueprint for Victory, should do so at once. Read it carefully so that you will be well informed as to the means by which we can still save ourselves from communist slavery. Our forefathers ate shoe leather at Valley Forge so that we could be free. Are we going to let this freedom slip through our fingers because we're too afraid of having other people call us an extremist? Are we going to sell our children into slavery because we are too selfish to forego our present luxuries and help to finance this critical battle?

NY 62-12699 Our present legal difficulties cannot be solved without the financial contributions of other conservatives. If we're beaten it will bring the day just that much closer that you will find yourself sitting in a courtroom trying to defend your freedom against a crime you did not commit. Both the Patriotic Party and the Minutemen organization need your volunteer help and your financial assistance--NOW! Yours for a Free America, Bob DePugh

# MINUTEMEN FORM A POLITICAL PART

Plan to Play an Active Role in the 1968 Elections

By DONALD JANSON Special to The New York Times

KANSAS CITY, Mo., July 3-The ultraconservative Minutemen formally entered the political arena, today by founding the Patriotic party,

Robert Bolivar DePugh, 42year-old hational coordinator of the Minutemen, said "several" other "conservative" organizations were observing and participating in the two-day organization meeting.

At a news conference under a red, white and blue banner with the party name alongside a rendering of a American eagle, he introduced only one person representing another group— the Rev. Kenneth Goff of Den-ver, director of the Soldiers of,

the Cross.
Mr. Goff said in an interview that his organization was particularly strong in California and that members were supporting Ronald Reagan for the governorship.

#### To Endorse Candidates

Mr. DePugh said it was too early for the Patriotic party to endorse individuals for office. By 1968, he said, the new organization will be endorsing and running candidates for Congress

and state offices.

The dark-haired drug manufacturer from Norborne, Mo., said that members would work this year within the Republican and Democratic parties to gain experience in practical politics. This will be done without disclosing their identity as Minutemen or members of the new Pa-

triotic party, he said.
"We won't identify ourselves because if we did we might not be given the opportunity to serve," he said.

The five-year-old Minutemen organization was formed from groups of secret guerrilla bands who cache arms and train to fight what they predict will be an attempted Communist takeover of the nation. They have had several scrapes with the law over the possesssion of explosives and other armament.

Their national membersing is believed to be a few thousand.

Mr. DePugh said the Minute-nen had decided that they needed a political as well as "a militant underground arm." He said:

"Many conservatives feel a common frustration with our present political situation. The Democrat and Republican parties are simply sections A and

The current issue of On Target, the Minutemen newsletter, distributed to the 400 persons who gathered at the U-Smile Motel for the organizational meeting, forecast that President Johnson and Justice Abe Fortas of the Supreme Court would form the Democratic Presiden-tial ticket for 1968 and Gov. George Romney of Michigan and Senator Jacob K. Javits of New York would be the Repub-

"No matter which pair are elected," said the publication, "the Communists will win and the patriotic Americans will lese."

Besides Soldiers of the Cros Mr. De Pugh mentioned the Farmers Liberty League and the Spirit of 76 Committee as having sent observers to today's meeting.

meeting.

He said the Patriotic party had the support of "many" members of the John Birch Society but not of the organization itself, which "seems to feel we are a competitive influence."

"The whole conservative movement is fishing right now," Mr. Goff said when asked whether a unified effort of all far-right groups was possible.

far-right groups was possible.

Mr. De Pugh said the Patri-

otic party was the logical unifying element because the Minutemen organization had never officially injected itself into politics before and was free of dissensions that divided many conservative groups.

The headquarters of the new party will be at the national

Minutemen office in nearby Independence. Mr. De Pugh is its na<del>tional cha</del>irman.

When rechecking the camp site on 6/27/66, he noted all garbage had been buried, one tree had been "chewed up" from gun fire, however, there were no shell cases at the camp site. No attempt was made to determine the identity of any of the persons encountered by or the NY State fire observer, therefore, in the absence of specific information that they were "minutemen", on maneuvers, an IMM is not being submitted.

Source states that at approximately 3:30 P.M. on July 2, 1966, about 30 persons from various states throughout the United States attended a meeting, at which time De Pugh outlined the program and described what he called the Patriotic Party. De Pugh mentioned four or five meeting areas that he had to talk to people concerning the coming convention. One of these meeting places was to be Howard Johnson's "Motel located in Kansas City.

According to source, the remainder of the day was spent talking with various people throughout the United States concerning the world situation, which talk was mostly in generalities and of no political importance.

Source stated that on Sunday, July 3, 1966, the convention of the Patriotic Party started and approximately 300 persons were in attendance. Source stated that De Pugh gave the key note address and was followed by Reverend Kenneth Goff and Reverend Robert Le Roy.

Source states that no close-up photographs of the audience were allowed and that only group shots of the whole group were permissible at this convention.

Source stated that a man, no name given, dressed in all white, wearing dark glasses, gave a talk stating he represented a group called the "Spirit of/76" and was considered as the mystery speaker at the above convention. Source stated that all the speakers at this convention called for reform through the ballot box and for all people in all political parties to join together and elect a conservative constitutionalist to office.

According to source, everyone that he spoke to at the convention suggested that this convention was infiltrated by people from the Federal Bureau of Investigation and the Anti-Defamation League as well as other organizations. Source states that most everybody present at the convention was introduced by first name only and when the news media was attempting to take pictures they would turn their backs to the camera.

Source stated that most of the people attending the above convention were between the ages of approximately 45 and 50 and that they represented various groups throughout the United States, such as the John Birch Society, Independent American Party, Conservative Party, American Party and other small conservative groups working throughout the United States.

On July 4, 1966, Monday, the Patriotic Party met and about 125 persons were in attendance. It is to be noted that this meeting was held at room 400 of the U-Smile Motel, Kansas City, Missouri.

According to source, the organizational meeting took place and the plans were explained to the membership.

- 1. Set up city, county state chairmen.
- 2. Make arrangements for conventions.
- 3. Set up a date and place for regional conventions.
- 4. Issue membership cards.

According to source, membership cards were passed out and were turned in by the various chairmen.

Source stated that a collection was made and that the delegates and members of the newly formed party were sold literature such as ultra-conservative books: "Choice Not An Echo", "Strike From Space", "None Dare Call It Treason", and numerous other conservative books.

Source stated that for the most part of Monday various speakers from the floor rose and told of various activities going on locally from their home areas, which for the most part had to do with integration, Communist activities and the Communist menace in the United States.

Source stated that a San Carlos, California, while attending the meeting on Saturday, was attempting to take names and addresses of individuals present but was stopped by Robert De Pugh.

Hotel Banquet Rooms, Continental Hotel, Washington, D. C.,
advised a representative of the Federal Bureau of Investigation
(FBI) that Robert De Pugh, Independence, Missouri, had made
tentative reservations for convention room facilities on
August 6, 1966. This function was booked at the hotel under
the name of the Patriotic Party Facilities were requested
to accommodate 350 to 400 persons and a podium and microphone
and speaker system were requested to be made available. This
function was to be held from approximately 10 a.m. to 8 p.m.
A source advised during April, 1966, that/at a
meeting in Alexandria, Vinginia of the White Party/of America
on April 24, 1966, of the White Party of
America, exhibited a copy of a booklet entitled /Blue Print
for Victory." This booklet was published by Robert B. De Pugh
who has been publicly identified as the National Coord nator
of the Minutemen. discussed this booklet and pointed
out that it gives an excellent analysis of the "Communist
Menace" and what should be done about it.

According to the source, De Pugh proposes in the booklet that a nation wide convention of all "right wing" organizations be held in Kansas City, Missouri on July 4, 1966. Thereafter, individual state and northeastern conventions would be held. The name of the operation to act as a liaison between the various "right wing" groups would be "The Patriots", which would be a sort of clearing house to handle intelligence".

matters; however, each group could still maintain its own identity.

The White Party of America is described in the appendix section.

further advised a representative of the FBI that on July 22, 1966, that a Independence, Missouri (not further identified) had indicated to him that the tentative reservation for "The Patriotic Party" would be confirmed with the hotel at a later date.

#### WHITE PARTY OF AMERICA

of the White Party of America (WPA), advised that he, along with several other former members of the American Nazi Party (ANP), formed the WPA during the early part of 1964 in order to advance the cause of the white man in the United States and eventually throughout the world.

This organization was officially launched on April 11, 1964, when it sponsored picketing in Washington, D.C., Richmond, Virginia, and Baltimore, Maryland, in opposition to civil rights legislation and civil rights demonstrations. Its national headquarters was transferred from 1216 New York Avenue, N.W., Washington, D.C., to 1019 King Street, Alexandria, Virginia, on April 1, 1965.

It was initially the aim of the WPA to sponsor picketings and demonstrations where it was believed such would be of value and to publicize its program through pamphlets and similar media. The WPA has been inactive due to a lack of funds and its only publications to date have been the April and May, 1964, issues of its official publications, if the White Letter."

He added that the WPA is still in the formative stage but it will uphold the constitution of the United States and will always act within the limits of the law. He noted that the WPA will serve as a "home for people who want to preserve the white race" and cannot find a home for themselves in either of the major political parties in the United States.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is leaned to your agency; it and its contents are not to be distributed outside your agency.

BONALD MUNICIPAL is probably identical with JOHN
EMERY BLUNKS, who, as of February, 1965, was residing at
\$36 Spring Meadon Brine, Ballwin, Missouri. In February,
1965,
who has requested
that his identity be kept confidential, advised that BLUNER
was then the Area Coordinator for "Minutemen" in Greater
\$t. Logis, Missouri.

BLUMER reportedly was replaced as Area Coordinator because the National Coordinator, ROBERT B. DE PUGE, felt he placed too much emphasis on the acquisition of weapons instead of concentrating on educating the public to the dangers of Communism.

b6 b7C b7D

In Mevember, 1965, \_\_\_\_\_\_\_\_advised that BLUMER had organized the "Meramec Valley Gun Club" which had some loose connection with "Minutemen". This organization maintains a firing range near Gray Summit, Missouri. The purpose of the organization is to train its members to be able to fight Communists in the event an attempt is made by them to take over the control of the U.S. Government.

In December, 1963, reported that BLUMER bf that outlined some rather bizarre plans to further the objectives of "Ninutemen". For example, in the summer of 1963 he expressed an interest in

Source stated this was probably idle conversation on the part of BLUMER and he had no infermation indicating ELUNER did anything to implement this idea.

Source further advised that in December, 1963, BLUMER spoke of certain pending Federal legislation such as sale of wheat to Russia, recognition of Red China and limitations on the free sale and movement of firearms. BLUMER was opposed to all of these things and mentioned that

In January, 1964, advised that BLUMER  $_{\rm b7C}$  made statements that "we" made plans to assassinate GUS HALL,  $_{\rm b7D}$ General Secretary, CP USA, while he appeared in St. Louis and Kansas City, Missouri the preceding weekends.

The above data was furnished the Bureau in letterhead memorandum form when it was received.

BLUMBR was interviewed by Special Agents of the St. Louis Division, 1/22/64, and admitted being affiliated with "Minutemen" but claimed he did not hold a position of leadership. He denied having any intention of taking any physical action against HALL or other Government officials. He professed to be concerned about Communist infiltration in our Government and the possibility of a ultimate Communist take over. Because of this concern he became active in "Minutemen" which he feels might be our last line of defense.

The arrest by the Vebster Groves Police Department referred to in re airtel probably concerns an arrest, 7/26/63, in Kirkwood, Missouri and adjacent community. Both are suburbs of St. Louis, Missouri. MANNER was arrested along with another individual for carrying a concealed weapon. Charges were subsequently dismissed.

On August 2, 1966, District Sale
Manager, Sheraton Corporation of America, Sheraton Park
Hotel, Washington, D.C., advised a Special Agent of the
Federal Bureau of Investigation that a Robert De Pugh had
reserved hotel facilities for August 6, 1966. The
reservation was made initially through the Sheraton
Chicago Hotel, Chicago, Illinois, in the name of the
Patriotic Party.
advised that De Pugh had furnished
the following information:

De Pugh described the Patriotic Party as a "political party which tends toward the conservative." De Pugh identified himself as the President of the Biolab Chemical Corporation, Independence, Missouri, and that he was the Acting National Chairman of the Patriotic Party. De Pugh had indicated that he expected approximately 500 individuals to attend the Washington, D.C., convention. He had requested facilities for microphones and public address systems.

advised that the Patriotic Party was booked in the Park Room from 9:00 a.m. to 9:00 p.m. on August 6, 1966. He further advised that it was his understanding that De Pugh would be in attendance at the function.

A source, who has furnished reliable information in the past, advised during April, 1966, that at a meeting in Alexandria, Virginia, of the White Party of America on April 24, 1966, Karl Allen, leader of the White Party of America, exhibited a copy of a booklet entitled "Blueprint for Victory." This booklet was published by Robert B.

De Pugh, who has been identified as the leader-coordinator of the Minutemen. Allen discussed this booklet and pointed out that it gives an excellent analysis of the "communist menace" and what should be done about it.

According to the source, De Pugh proposes in the above booklet that a nationwide convention of all "right-wing" organizations be held in Kansas City, Missouri, on July 4, 1966. Thereafter individual state and regional conventions would be held. The name of the operation to act as a liaison between the "right-wing" groups would be "the Patriots", which would be a sort of clearinghouse to handle intelligence matters; however, each group could still maintain its own identity.

The White Party of America is described in the appendix section.

Manager, Continental Hotel, Washington,

D. C., advised a Special Agent of the FBI on August 2, 1966,

National Secretary, Patriotic Party,

#### APPENDIX

### WHITE PARTY OF AMERICA

On September 16, 1965, Karl Rogers Allen, Jr., who identified himself as the leader of the White Party of America (WPA), advised that he, along with several other former members of the American Nazi Party (ANP), formed the WPA during the early part of 1964 in order to advance the cause of the white man in the United States and eventually throughout the world.

This organization was officially launched on April 11, 1964, when it sponsored picketing in Washington, D.C., Richmond, Virginia, and Baltimore, Maryland, in opposition to civil rights legislation and civil rights demonstrations. Its national headquarters was transferred from 1216 New York Avenue, N.W., Washington, D.C., to 1019 King Street, Alexandria, Virginia, on April 1, 1965.

It was initially the aim of the WPA to sponsor picketings and demonstrations where it was believed such would be of value and to publicize its program through pamphlets and similar media. The WPA has been inactive due to a lack of funds and its only publications to date have been the April and May, 1964, issues of its official publications, "The White Letter."

He added that the WPA is still in the formative stage but it will uphold the Constitution of the United States and will always act within the limits of the law. He noted that the WPA will serve as a "home for people who want to preserve the white race" and cannot find a home for themselves in either of the major political parties in the United States.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

#### MINUTEMEN

On August 7, 1966, a source, who has furnished reliable information in the past, advised a Special Agent of the Federal Bureau of Investigation (FBI), that on August 6, 1966, from about 1:00 p.m. to 11:00 p.m., the Northeastern Region of the Patriotic Party (NEPP) held a meeting at the Park Ballroom of the Sheraton Park Hotel, 2660 Connecticut Avenue, N.W., Washington, D. C. There were approximately 75 persons in attendance. The meeting consisted of a speech by Robert De Pugh of Independence, Missouri, and other speeches over the public address system by means of a leased wire hook-up of speakers speaking to similar regional meetings throughout the United States.

A second source, who has furnished reliable information in the past, advised during April, 1966, that at a meeting in Alexandria, Virginia, of the White Party of America, on April 24, 1966, Karl Allen, Leader of the White Party of America, exhibited a copy of a booklet entitled "Blueprint for Victory." This booklet was published by Robert B. De Pugh, who has been publicly identified as the National Coordinator of Minutemen. Allen discussed this booklet and said it gives an excellent analysis of the "communist menace" and what should be done about it.

According to this source, De Pugh proposed in the booklet that a nationwide convention of all "right wing" organizations be held in Kansas City, Missouri, on July 4, 1966, Thereafter, individual state regional conventions would be held. The name of the

operation to act as a liaison between the various "right wing" groups would be called the "Patriots." This latter group would be a sort of clearinghouse to handle intelligence matters; however, each group represented in this clearinghouse could still maintain its own identity.

The White Party of America is described in the Appendix.

According to the first source, De Pugh at the meeting of the NEPP and the other speakers from the other regional meetings proposed that a group to be called the "Patriotic Party" be organized in the concept as being a third party to the present United States two-party system. The goal of the Patriotic Party is to elect a member of this party as President of the United States by about 1972.

The first source further advised that it was proposed by De Pugh and the above speakers that the Patriotic Party members join and work with the Democratic and Republican Parties to gain experience in the practical aspects of organizing and operating a national political party. Upon completion of this gathering of experience, then the Patriotic Party would break away its connection and any recruits it had made within the national political parties and begin their political conquest by legal means of the Office of the Presidency of the United States. This conquest would be accomplished by the Patriotic Party as a strong experienced political party and by a "complete resistence movement including a well-trained underground organization."

According to the first source, De Pugh at the NEEP meeting was briefly identified as the organizer of the Minutemen Organization. Comments by unknown individuals in the audience indicated that the Minutemen Organization would be the "underground movement" to the surface organization, the Patriotic Party. Both organizations were to dedicate their

efforts to combating communism and the communist influence within the United States. It was stated by these speakers that these efforts would be directed through the "ballot box" and other legitimate political efforts to gain national political power.

The first source further advised that it was proposed by the above speakers that in September, state meetings would be held to further the administrative arrangements of organizing the Patriotic Party.

The second source advised a Special Agent of the FBI on August 7, 1966, that at the meeting held the previous day, a selection of officers for the NEPP was offered and the following were nominated:

(phonetic) - Chairman - Vice Chairman Treasurer (phonetic; first name unknown) -

b7C

Secretary

The second source further advised that Schuyler D. Ferris and Al Wiengen were also on the speakers platform with De Pugh but their participation was limited to introductory remarks in connection with De Pugh's talk.

This latter source further advised that also in attendance at the NEPP meeting was of Pennsylvania, of Virginia, and (phonetic) of Maryland.

The above source stated that the meeting was concluded by De Pugh noting that he hoped a September meeting would be held in all of the 50 states to further the prospects of the Patriotic Party.

APPENDIX

#### KINDIDGIN

#### WHITE PARTY OF AMERICA

On September 16, 1965, Karl Rogers Allen, Jr., who identified himself as the leader of the White Party of America (WPA), advised that he, along with several other former members of the American Nazi Party (ANP), formed the WPA during the early part of 1964 in order to advance the cause of the white man in the United States and eventually throughout the world.

This organization was officially launched on April 11, 1964, when it sponsored picketing in Washington, D.C., Richmond, Virginia, and Baltimore, Maryland, in opposition to civil rights legislation and civil rights demonstrations. Its national headquarters was transferred from 1216 New York Avenue, N.W., Washington, D.C., to 1019 King Street, Alexandria, Virginia, on April 1, 1965.

It was initially the aim of the WPA to sponsor picketings and demonstrations where it was believed such would be of value and to publicize its program through pamphlets and similar media. The WPA has been inactive due to a lack of funds and its only publications to date have been the April and May, 1964, issues of its official publications, "The White Letter."

He added that the WPA is still in the formative stage but it will uphold the Constitution of the United States and will always act within the limits of the law. He noted that the WPA will serve as a "home for people who want to preserve the white race" and cannot find a home for themselves in either of the major political parties in the United States.

"Minutemen"
Information Concerning
(Internal Security)

On August 3, 1966, a confidential source advised that he received an invitation on July 30, 1966, to attend one of the six area meetings of the Patriotic Party (PP) to be held August 6, 1966, in Seattle, Washington, Chicago, Illinois, Washington, D.C., Scottsdale, Arizona, Dallas, Texas and Montgomery, Alabama.

The invitation reflected that the public address systems of all six meeting halls would be connected by leased wires so that the entire audiences of all meetings could hear each of the speakers and others from separate locations.

The invitation further reflected the six area meetings comprised the second step in a planned program to create a political party that is stamped "Made in USA" rather than "Made in Moscow". Listed as speakers were Richard Cotten, John Martino, Kenneth Goff, and Robert De Pugh.

The "New York Times", a daily New York City newspaper, dated July 4, 1966, page 16, Late City Edition, contained an article captioned "Minutemen Form a Political Party" which reflects, "The ultra-conservative Minutemen formally entered the political arena today by founding the Patriotic Party.

"Robert Bolivar De Pugh, 42 year old National Coordinator of the Minutemen, said 'several' other 'conservative' organizations were observing and participating in the 2-day organization meeting.

"At a news conference... he introduced only one person representing another group - the Rev. Kenneth Goff of Denver, Director of the Soldiers of the Cross"

On July 11, 1966, a second confidential source advised the PP was organized specifically to serve as a cover for the "Minutemen" while at the same time permit the "Minutemen" to engage in political activities.

On August 10, 1966, the second source advised the PP held an area meeting in the Park Ballroom, Sheraton-Park Hotel, 2660 Connecticut Avenue, Northwest, Washington, D.C., on August 6, 1966, from 1:30 PM to 8:00 PM. The second source furnished the following information concerning the activities at the meeting:

The meeting, attended by approximately 69 persons from various states, including New York, New Jersey, Connecticut, Pennsylvania, Virginia, West Virginia and Washington, D.C., was called to order by the Chairman, Thomas Hart, of Milford, Connecticut.

The convention was opened with the singing of "The Star-Spangled Banner" and the "Pledge of Allegiance" to the flag.

Simultaneous meetings were being held in Chicago, Illinois, Seattle, Washington, Scottsdale, Arizona, Dallas, Texas, and Montgomery, Alabama. All cities were tied together through leased telephone lines which were connected to the public address systems.

Hart asked the other meetings to make contact with the Washington meeting. When contact was established, the cities acknowledged and gave their attendance figures, which were: Chicago - 300, Seattle - 200, Scottsdale - 200, and Dallas - 200. Montgomery acknowledged but did not give an attendance figure.

Robert De Pugh was the first speaker at the Washington meeting. During his speech, De Pugh stated the American Indians lost to the white man because they were disorganized and fought among themselves. He stated the Republican Party elected a president six years after its formation and the PP could do the same.

The second speaker was Richard Cotten who spoke from Montgomery, Alabama. During his speech, he stated the United States foreign policy is "no good". We trade with countries like England who then trades with North Vietnam. We are actually financing both sides of the war. He stated he wants to know why we are trying to get rid of Communists in Vietnam when we don't get rid of them in Cuba. During his speech, he received a lot of applause.

The third speaker's identity was not heard due to static from the public address system. He stated that he had lived in Cuba and was a prisoner of the Castro Regime. His speech dealt with various aspects of the American foreign policy toward Cuba.

The fourth speaker, who spoke from the Scottsdale meeting, was the Reverend Kenneth Goff, who made the following remarks during his speech:

We are in the middle of a civil war. There were nearly 700 people in Kansas City, Missouri, who were there to "bring America back to its moorings".

He stated Martin Luther King is working for a "super world" government planning to do away with America's freedoms.

22

The United States should get out of the United Nations and Governor George Wallace should be in the White House.

Communism is only 90 miles from our shores, but we could wipe out the "bearded idiot" in 48 hours.

Goff told his audience to look at Presidential Executive Orders and see plans for the takeover of farms, factories and transportation. He continued, "We are on our way toward a dictatorship".

A fifth speaker, a Mr. Timbers, speaking from Seattle, Washington, gave a short speech in which he stated he will bring up a resolution to merge his conservative party with the PP.

The sixth and last speaker was Walter Peyson, who gave a speech on leadership.

Sources, who have furnished reliable information in the past, advised on the indicated dates that during the period July 2 thru 6, 1966, the following events transpired at a National Convention of the "Minutemen" held at the U-Smile Motel, US Route 40, Kansas City, Missouri, and a "Minutemen" training program held at "Minutemen" Headquarters, 613 East Alton, Independence, Missouri. At this convention the Patriotic Party" (PP), a new political party, was formed.

At this meeting Robert De Pugh, National Coordinator of the "Minutemen" and honorary chairman of the PP, stated that the goal of the PP is to join together all the right wing groups in a joint effort to beat the Communists. He further announced that on August 6, 1966 there will be six or seven regional conventions of the PP which were tentatively scheduled for Seattle, Washington (Northwest Region), Phoenix, Arizona (Southwest Region), Houston, Dallas or New Orleans (South Central Region), Mimai, Florida (Southeast Region), New York (Northeast Region), Minneapolis, Chicago or Detroit (North Central Region) and probably Kansas City, Missouri (Central Region).

#### PP Headquarters, Independence, Missouri

A source advised on July 11, 1966 that the headquarters for the PP is located in a one story building at 513 East Alton Street, Independence, Missouri. At this headquarters at least some of the printing of the "Minutemen" literature is done. Aluminum printing plates were observed at this location which were used for printing this literature.

## PP Convention, July 3, 1966, Afternoon Session

The same source advised on July 11, 1955, that this first session of the PP Convention was opened by a Reverend Le Roy who said a prayer, and then lod the singing of the "Star Spangled Banner" and the Pledge of Allegiance to the Flag.

At this first session there were approximately 300 to 350 persons. These individuals were from practically every state of the union and about one third of them were women. Most of the people in attendance were from the mid-West with Kansas, Iowa and Missouri probably having the largest representatives.

CONFIDENTIAL - 2 -

The first speaker was Kenneth Moore, introduced as Chairman of the PP in Arizona, formerly of Pike City, Missouri. This individual related a story of which the moral was don't let an expert keep a real tiger from his job. The idea he was conveying was that the PP should not have people who are not well-trained and do not know exactly what they are doing. He stated the PP should be "united in thought, united in victory". Following his speech, Kenneth Moore introduced Robert De Pugh as one of the most patriotic people of America and De Pugh received a standing ovation.

Mr. De Pugh began by welcoming every one to the convention but suddenly noticed a photographer taking movie pictures of the audience. Mr. De Pugh ordered the photographer to stop taking pictures and said the photographer should not reveal the identity of any one individual in the audience.

Mr. De Pugh in his speech stated that "the US is being led by traitors and is infested with parasites". At this point in his speech he was heavily applauded by the audience. He further stated that the people in the audience as well as patriots everywhere should be prepared to "pledge your lives, pledge your fortunes and to pledge your sacred honors", which slogan is the motto of the PP. Following a standing ovation, Mr. De Pugh continued by stating that before the battle is won many will lose their fortunes, many will lose their lives but how many will lose their honor? He then stated that there is really no excuse for not being patriotic. On the day we fight as though to win, as the enemy fights to take away, that is the day we will start to win the battle.

At the conclusion of his speech, Mr. De Pugh introduced an anonymous speaker, who was identified as representing the organization, "The Spirit of '76 Committee." This anonymous speaker proceeded to speak about Communism. He stated that although Americans know right from wrong people are not inclined to do anything about it. He recommended a book by the Library of the University of Pennsylvania entitled "The Protracted Conflict". He stated that the seat of Communist power is not Russia and that the basic principles of Communism are four fold:

- 1. Communists approach things indirectly.
- 2. Distraction
- 3. Monopoly of initiatives, it is all right for them to create conflicts and riots and take over governments on this side of the Iron Curtain but we are not allowed to do the same thing.
- 4. The Communists cause revolts and revolutions.

The next speaker was Reverend Kenneth Goff from Denver, Colorado. In his speech, Reverend Goff stated that the "US is hated by men everywhere". The Communists are winning and have already won one third of the world in the past 50 years. They have enslaved one and one third million people and have killed 20 million Christians and 30 million other individuals. He stated that he was at a loss to understand why we send troops to the United Nations when we cannot stop Communism at home. At this point in his speech he was given a standing ovation. Reverend Goff further stated he cannot understand why 192 United States Supreme Court decisions were in favor of Communism. He stated that he wants to rid the United States of the Supreme Court. then related that he was asked by one of his parishoners; "Since you are a reverend dedicated to God, would you take up arms to defend this country?" Reverend Goff stated he answered "I would take up arms if the Communists take over or if the United Nations tries to subvert us." He then stated that clergymen should not leave their churches to march with draft dodgers in Selma, Alabama, rather the clergy should spend their time preaching the doctrine that the United States should get out of the United Nations. During the speech, Reverend Goff stated that President Lyndon Johnson has "Fabian-socialist cohorts", and that "Johnson has as much power today as King George had in 1776.

Reverend Goff continued his speech claiming that the 1912 blueprint for the Fabian Government take over that is taking place today was a book entitled "Start of Tomorrow" written by E. Mandel House, manuassumed name.

Reverend Goff then related that after World War I, the Communists started to infiltrate the church, labor and education. By 1928, Communism was on the wane but then in 1939 the Communists were successful in taking over the Democratic Party. The party nominated Franklin D. Roosevelt and after the nomination, Roosevelt immediately flew to see E. Mandel House. After being elected, Roosevelt recognized Russia and pulled up Joseph Stalin from a bank robber and murderer to a stateman. We then sold out Chaing Kai Shek after first selling out Eastern Europe. Subsequently, the United States got into the United Nations and there is now one third of the entire world under Communism.

In conclusion, Reverend **Go**ff stated that we are running from Communists all over the world but if we lose to Communism here in the United States the world will be in the dark ages again. "Julius Ceasar Mc Namara", Secretary of Defense, wants to disarm the United States while we are still at war. He then stated that the two political parties are brainwashing the American people to the point where we are afraid to say the word "American". It is time we had a political party stamped "Made in the United States".

## PP Convention July 3, 1966, Afternoon Session

This source advised on July 11, 1966, that the second session of the day got underway at 7:00 p.m. with approximately 200 to 250 people present. At this session, Robert De Pugh called off the various states and assigned them to different rooms at the motel in order to hold meetings and discuss plans for the six or seven area conventions of the PP to be held in August, 1966 and also in order to elect or assign a chairman from each state to the PP.

#### PP Convention, July 4, 1966 Session

The second source advised on July 14, 1966, that the following speeches were made at this session:

The first speaker was A.G. Porth, Box 1752, Wichita, Kansas. Porth spoke of a Major Roberts who exposed the United Nations for what it really is. He said that the United Nations Charter violates the United States Constitution and the State Constitutions. He gave the name of a Fort Collins, Colorado, as a fighter against the United Nations.

Porth said that this was the most dynamic conservative meeting he has attended in five years.

The next speaker was Robert De Pugh. He said that last night most groups elected a chairman for the various states. He said the state offices should keep headquarters constantly informed. He said, "We have real good people as state chairmen."

The next speaker was Walter Peyson. He is the leader of the "Christian Soldiers." He said to the audience, "you are the leaders of the Patriotic Party."
"You must make a self-analysis of yourself". He then yelled out very loudly and very emotionally, "You are going to win, you are the leaders." He then said in a normal voice, leadership is an art. It can be acquired. Sell people on the Patriotic Party. Analyze these people to see what they can do for the party. Hold standards of your morals high. Especially those people who will work in sensitive positions. Study the techniques of applied psychology. The two main responsibilities of a leader are (1) accomplish your mission, (2) provide for the welfare of your subordinates.

He said there is too much possimism, there must be more positive thinkers. He then gave four basic rules for Executives:

(1) Analyze

(2) Organize

(3) Deputize(4) Supervise

The next speaker was Carol Dunn, Secretary of the PP:

Mrs. Dunn said that State Legislatures make as many laws taking away freedoms from you as the Federal Government does. There are various ways to meet other conservatives without giving yourself away. When purchasing something, if you think that the storekeeper is conservative, but you don't know for sure, say something like, "Here is some of Johnson's funny money." If they are conservative, they will probably agree with you and you can get them to talk more freely about the subject, and if they are conservative you usually are able to ascertain this. Another thing would be when someone talks to you about how conservatives are usually spoken against, say to this person, "He isn't what he's smeared to be." will usually get a conservative to agree with you and to speak more openly about the fact that he is a conservative. At this point Carol Dunn got a standing ovation.. She continued. She said there is no substitute for knocking on every door and passing out questionnaires. These questionnaires should contain information which can be used to determine a person's thinking on politics.

A good thing to do is to form a women's league for better government. Set up a little bookstore in an apartment or on a porch or in the back of a store. Set up a rental library. Get names and addresses of people borrowing or buying these books, which should naturally be right wing publications. Train speakers to make speeches at various gatherings.

Our job is to tell the truth. We have to give up our pet projects in order to work on Patriotic Party business.

Our nation has little time left as a free republic. It is up to us to do something about it. At this point Carol Dunn received another standing ovation. She went on to say that the Patriotic Party should support the Liberty Amendment. She said income tax should be repealed. To find a solution to a problem, find out first the facts of the problem.

The next speaker was Bob De Pugh. He said that the Minutemen is the largest private intelligence network in the world. He said that he is not guessing at this, he has facts from various Minutemen groups throughout the country. He said that the United States Government may give support to token resistance groups so that the people can blow off steam. He said that the Patriotic Party must unify their efforts. At this there was a standing ovation and the convention was then concluded.

- 1. Integrity and honesty.
- 2. Knowledge.
- 3. Courage and moral courage.
- 4. Duty first.
- 5. Tact.
- 6. Justice, impersonal and impartial.
- 7. Enthusiasm and optimism.
- 8. Bearing, be confident, avoid profanity and sarcasm. Never reprimand anyone in front of a third party.
- 9. Endurance mental and physical, great mental endurance is very necessary.
- 10. Unselfishness give credit where credit is due.

Also entitled leadership principles:

- 1. Know your job.
- 2. Know yourself and seek self-improvement.
- 3. Know your people, look out for your welfare.

- 9. Seek responsibility and develop a sense of responsibility among your subordinates.
- 10. Employ your command in accordance with their capability.
- 11. Take responsibility for your actions.
- 12. Know your enemy.

During the above course by Walter Peyson, the following were stated to be indications of a good leader:

- 1. Morale
- 2. Discipline
- 3. Espirit de Corps
- 4. Proficiency

This second source further advised on July 11, 1966 that made the following remarks during

When 1,000 people are running around knowing nothing, we will know what to do. We will act as a counterinsurgency force against armed civil rights groups. The Minutemen have every publication put out by the United States Armed Services special forces. If you people are not ready to make this your way of life, do not assume any responsibility of leadership. A book that Peyson was using to illustrate leadership principles is the United States Army Field Manual FM 22-100 "Military Leadership. The Minutemen must reach youth and labor. Now most of the training will be on leadership. Special forces are being trained by a socialist dictatorship now emerging in the United States to fight patriots in the United States. The special forces are

being brainwashed. They read books on communism, written by communists. We must become professionals. In order to be a leader, you must want to lead and have character to inspire confidence. You must have integrity. The book to read is entitled "Why Not Speak," by H.L. Hunt. It has famous specenes including MacArthur's farewell speech.

The minimum number of subordinates for a leader is three. \_\_\_\_\_\_ then drew on the blackboard a diagram describing a Marine Squad. He told how this Squad operates. It is divided into three subsections and each subsection consists of four men. One of these men is the leader of this subsection, who, in turn, reports to the Commander of his Squad. He said about recruiting - think about what a man believes in before he is recruited. People in the Federal Government are properly indoctrinated before putting them in any sensitive position.

Always have at least two mail drops. One for the suspect and one for nonsuspect. One of them should not be through the US Post Office. It should be at a friend's home or one of those office rental boxes in a train station or at an airport, or it can be an answering service.

He told how to get a Post Office box under a fictitious name. He said you could have letters mailed to you at the Post Office you desire under a fictitious name in care of general delivery. You pick up the mail under this fictitious name for about two weeks. After two weeks say you are in the area on business for at least six months and you would like to get a Post Office Box. Ask for Post Office box under fictitious name that you have been using to get your name at general delivery. Another way to get a Post Office box under a fictitious name is to have a woman get the Post Office box for you; usually they will not ask a woman for identification and,

"Minutemen"

if they do, she could always make an excuse that she does not carry any.

Most telephones in public places are tapped. All telephones in all Federal buildings are tapped, including pay phones.

On organizing new bands for Minutemen, three original organizers should check security on new members as follows:

- 1. Check auto registration file.
- 2. Check Social Security master list.
- 3. Knock on a neighbor's door and give a sample of something such as toothpaste or soap. Make believe you work for the company that manufactures this product and you are sampling people's reactions to it. Ask questions regarding their next door neighbors who would be the person wanting to join the Minutemen.
- 4. If you have friends in the Police Department, check out the new members names through these friends.
- 5. If you have a friend who works in a bank, check them in the same manner or check through them in the same manner.

#### Harassment

Communists will always accept a collect telephone call. You can call to harass them at about two o'clock in the morning. Just call and say something like "How is everything and how is the family," and then hang up the phone.

"Minutemen"

Until you are sure of new members, use code names and numbers do not give your real name to them.

In order to maintain security have the person be in a phone booth at a certain time. Call them at that number. Be across the street where you can see them in the telephone booth and they can see you. Tell them to go to another location. Make sure they are not being followed and make sure they do not contact anyone else about

the new location. Last names should never be used at any gathering. Important notes should be passed around then destroyed. Receipts for Post Office boxes should be kept. All finances should be in cash. All quantities of material that are bought should be divided among members. Designate two persons to maintain files. Be ready to destroy these files if it is necessary. Call the Automobile License Bureau for plate number of any car you suspect. If approached by the FBI or Police, deny everything. At meetings place the security guards in appropriate places. At outdoor maneuvers, park your car half mile away.

When you are interrogated by the Police or FBI -

- 1. Keep your mouth shut. Give the minimum amount of information necessary such as name, address.
- Tell them "I would like to cooperate, but I would like to speak to my attorney first."
- 3. File Power of Attorney.
- 4. Give copy of above to someone to hold.

Method of Interrogation -

Interrogation should take place in a room which is about 10'X10'. There should be no distractions. It should be soundproof. Windows should be closed. It should be painted white, sparsely furnished, with no pictures. It should have straight chairs, which should be anchored to the floor; should be plain and unpadded. The questioner's chair should be slightly higher than the suspect's chair. should have metal tips so it can slide easily on the floor. There should be a hidden tape recorder with a crystal microphone. This microphone should be omnidirectional. The interrogator should be an actor. The recording speed of this tape recorder should be 1 and 7/8 inches per seond. Before the interrogation begins, the interrogator must have the will to He must sell himself. All the necessary background information should be complete. The interrogator must have a definite plan of attack. He must know what you want to learn. You must have an open plan of attack in case the suspect begins to get wise to your original plan of attack. The suspect may change his manner. Never ever be a bully. Never bluff. He said that the FBI is part of the Federal bureaucracy, and so far, J. Edgar Hoover has resisted turning the FBI into a national police force. He said that the only way to win against the FBI is to outgrow them. Get more members than they could possibly check on. He said the mail of the "Minutemen" is checked. The "Minutemen" use different types of mailings every week. Some weeks it will be first class, some weeks third class, and different mail boxes are used every week. Sometimes it is necessary for us to wait several months before answering new correspondence if that new correspondence has a return address on it, because the FBI probably is checking out the person who writes to the "Minutemen" and puts his return address on his envelope.

The first source advised on July 14, 1966, that

prought out the following points:

For propaganda you must have certain objectives. You should aim at registered Republicans. Some of the media that can be used for propaganda are television, radio,

CONFIDENTIAL

literature and personal contacts. Get their full attention. Create interest and keep their interest. Put your argument in favorable light. Tell them how it will help them. Create action. Use word of mouth. Use printed literature. Do not use long rambling speech, it could breach security. Keep your speech and literature short. Do not use too many words. Do not fill the page with writing.

Differenct types of propaganda:

White Propaganda - this readily identifies the person who puts it out.

Gray Propaganda - this propaganda does not identify the person who printed it or put it out.

Black Propaganda - this propaganda pretends to come from the enemy. An example of this is a campaign which the Minutemen ran several years ago. They put stickers in telephone booths which said, "A Socialist America by 1968". Naturally people thought that this was put out by the Communist Party, when actually the Minutemen were the ones who put this stuff out.

part of the propaganda budget should be used to keep your members. Try to build respect for Minutemen among conservative members. Use propaganda as a prelude to recruiting. Use it to get new members. Propaganda can also be used to confuse the enemy. We must adopt a double standard. Rumors are one of the best forms of propaganda.

#### Psychological Assassination

Alienate your enemy from his friends. Get him to lose his job. Separate him from the normal framework of his environment. Shake his confidence. Examples of this would be to pick the lock on his door but don't go in, just leave the door open and walk away. When he comes home and finds his door open, he will know that had someone wanted to go into the house it would have been possible.

"Minutemen"

Another thing to do would be to knock on his door and say that you ran out of gas and you would like to use his telephone. Notice three or four things in his house which would not readily be noticed by anyone who was not there many times, such as a slight chip in the bookcase or a slight crack in a vase. Thank him for using the phone and leave. Several months later call his house and say, "Did you ever fix the chip in the bookcase?" or "Do you still have the vase with the crack in it?". Then hang up the phone. He will not know how anyone could have possibly gotten this information and it will start to shake his confidence. Another thing to do is to place a smoke bomb under the hood of his car, connected to the ignition wires. When he starts the car this device will whistle, make other noises, and give off smoke. When he gets out of the car and opens the hood, he will find a label on this device saying, "This could have been six sticks of dynamite." After shaking his confidence in these various manners, he is usually scared.

In connection with mobile surveillances, stated that it is necessary to stake out your suspect's home office. Use more than one car. You must have a legitimate reason for being in this neighborhood in a parked car. Use radio or hand signals or both to communicate between the car which are trailing the suspect. The best training for this type of work is practice. Select someone at random who you do not even know and try to follow him for a long as possible. At first you will lose him, but after several days of this practice, you should be quite proficient at trailing someone and not losing him. In order to shake a tail, use such things as the switch and double switch between cars. There are various methods for shaking a tail.

#### Location of Minutemen" Training Camps in New York State

The first source advised on July 11,1966, that during the PP Convention on July 4, 1966, he had learned that the "Minutemen" have two training camps located in the Adirondack Mountains and also another camp located on Lake Oneida, all of which are located in Northern New York State. It was further

ascertained that the "Minutemen" were planning to hold secret training maneuvers on July 9 and 10, 1966 in Harriman State Park located in Orange County, New York.

#### Harassment Techniques Utilized By "Minutemen"

The second source advised on July 11, 1966, that on July 4, 1966, he had learned during the PP Convention that the "Minutemen" utilized the following harassment technique:

When an opposing group desires to hold a meeting and the "Minutemen" do not approve of this group, three post cards, with a large picture of an eye on the back, are mailed 10 days apart from three locations. These locations are Jamaica, New York, Miami, Florida and the State of California. These post cards are mailed to the opposing party and sometimes a small "Minutemen" sticker is affixed to the vehicles driven by members of the opposing group.
